COMPLIANCE STATEMENT

TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

(1) acceptance policies on student transfers from other school districts;

(2) operation of school bus routes or runs on a non-segregated basis;

(3) nondiscrimination in extracurricular activities and the use of school facilities;

(4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;

(5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;

(6) nondiscriminatory practices relating to the use of a student's first language; and

(7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, Department of Health, Education and Welfare.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

TITLE VII, CIVIL RIGHTS ACT OF 1964; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, 1973 EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; AND VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED IN 1974.

It is the policy of the Texas Education Agency to comply fully with the nondiscrimination provisions of all federal and state laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency makes positive efforts to employ and advance in employment all protected groups

FOREWORD

The Statistical Brief report series is designed to provide timely and essential statistical information on Texas public elementary and secondary education. Each report addresses a specific area and will be released as soon as possible after the data used in the report are officially added to the TEA Data Base.

Education topics in this series include student enrollments and attendance, revenues and expenditures, professional personnel and salaries, and Foundation School Program information. Topics which may be added to the series in the future include school transportation, vocational education, and special education.

This report series is unique in two ways. First, the reports were designed to include information most frequently requested from the TEA Data Base. Those who need these data should find this series very useful. In addition, the Statistical Brief tables and text are computerized. This capability permits rapid update of the reports and will improve the accuracy of the report information.

The Statistical Brief reports are intended to meet the Texas public education information needs of education administrators, policymakers, researchers, and the general public. Although the basic nature of the information in the Statistical Briefs should meet the education data needs of the foreseeable future, the contents and format of the reports are flexible. Formats may be altered to meet the demand for new educational data as laws and policies are changed, new issues emerge, or the general need for information moves in a new direction. Statistical Brief users are encouraged to submit suggestions toward improving the reports.

Alton O. Bowen
Commissioner of Education

Superintendent's Annual Report for Public Elementary and Secondary Schools in Texas
1979-80

I. INTRODUCTION

This report contains statistical information on attendance accounting data for Texas public elementary and secondary schools for the 1979-80 school year. Statistics used for this report were taken from the following Texas Education Agency report:

Superintendent's Annual Report, Parts I and II: 1979-80

Data were collected for this annual report for all students in Texas public elementary and secondary schools, by district during the 1979-80 school year.

Pupil attendance accounting data collected in the Superintendent's Annual Report (SAR), Part I, are used to determine the allocation of Foundation School Program funds to school districts. Authority for collection of these statistics is Section 21.252 of the Texas Education Code.

The data collected in SAR, Part II, are used for program management. Authority for collection of these statistics is Section 11.52(d) of the Texas Education Code.

This report presents summary and detailed statistical information for the 1,071 active school districts which had local taxing authority, and the 28 active districts which either had no local taxing authority or no property values.

Statistical Brief SB80SAR is an original report and updates no previous report in this series. Further information on the topic of this report can be obtained by writing the Director, Division of Information Analysis, Texas Education Agency, 201 East Eleventh Street, Austin, Texas 78701.

II. SUMMARY DISCUSSION

Pupil Accounting Totals for Texas, 1979-80

There were over 3 million original entries in Texas public schools in the 1979-80 school year. Of these students, 99.6 percent were enrolled in Foundation School Program (FSP) districts, while the remaining 0.4 percent were enrolled in special statutory or state-administered districts.

These enrollment figures included 97,000 pupils who were reported as children of migrant workers and 322,000 handicapped pupils.

A total of 487 school districts showed a decrease in refined average daily attendance from 1978-79 to 1979-80. However, refined average daily attendance for the state increased 0.60 percent from the previous year.

Table II-1 lists various attendance accounting statistics for Texas public schools by district Foundation School Program status. This table also shows the number of active public school districts in Texas for the 1979-80 school year.

TOTALS INCLUDE ALL SCHOOL DISTRICTS.

SOURCE: TEA, SUPERINTENDENT'S ANNUAL REPORT, 1979-80

Pre-kindergarten consists of primarily special education students, whereas kindergarten is only funded on a half-day basis by the state, except for educationally handicapped students, which are funded for the full day. Attendance rates showed only slight upward fluctuations from the first through the fifth grades, but then decreased steadily through the ninth grade. An increase in attendance rates was seen in the tenth through the twelfth grades.

Graduates of Public Schools

Graduates from public secondary schools in Texas reached over 170,000 students in 1979-80. As Table II-3 shows, this figure represented 90.9 percent of the students enrolled in the twelfth grade during the 1979-80 school year.

Table II-3 presents statistical information on graduates as a percent of twelfth grade original entries, and on graduates planning to attend college as a percent of total graduates. These figures include totals from all active public school districts in Texas, for the school years 1970-71 through 1979-80.

SOURCE: TEA, SUPERINTENDENT'S ANNUAL REPORTS, 1970-71 THRU 1979-80

The number of graduates as a percent of the total number of twelfth graders reached its highest point in 1974-75. The next school year showed a drop of about 3 percent, and the rate has fluctuated only slightly since then.

A slight decline in the percent of graduates who were planning to attend college was seen from 1970-71 until 1974-75, when less than half of the graduates from Texas public schools planned to attend college. This rate, however, showed a gradual increase beginning in 1976-77, until it reached 53 percent in the 1978-79 school year. A difference of 1.2 percent was seen in the 1979-80 school year, bringing the rate to just below 52 percent.

Special Language Program Enrollment

Special language programs exist in 318 districts in Texas. These programs fall into two categories. The first is the bilingual education program which is a full-time program of dual language instruction. This type of program exists in 218 public school districts in Texas. The second is the English language development program which consists of language development in English as a second language. This program is found in 256 districts in Texas. Table II-4 presents enrollment figures for these programs by grade level, for the 1979-80 school year.

TABLE II-4

* SAR Special Language Program enrollment counts and Fall Survey LESA student counts are not consistent.

SOURCE: TEA, SUPERINTENDENT'S ANNUAL REPORT, 1979-80
FALL SURVEY - Bilingual Education Report, Fall 1979

There were approximately 227,000 students with limited English speaking ability (LESA) in Texas public school districts in 1979-80. There were 62.8 percent of these students who were enrolled in bilingual education programs, and 28.7 percent who were enrolled in English language development programs. Of all LESA students, 91.5 percent took part in some form of special language program in Texas public schools in 1979-80. Special language programs above the level of grade five are funded locally, receiving no state financial aid.

Enrollment in bilingual education programs declined from the first through the twelfth grades, with the most noticeable drops in grades six and seven. Enrollment in English language development programs fluctuated from kindergarten through the fifth grade, and then increased sharply in the sixth and seventh grades. After that, enrollment dropped steadily through the twelfth grade.

III. DETAILED TABLES

Data used to prepare the Section II analysis are contained in this section. Each table presents Superintendent's Annual Report data organized in a different manner as described below:

Table	Organization	District Coverage	Page
III-1	TEA ANALYZE Report Categories	Regular FSP Districts Only	8
III-2	ESC Regions	All Active Districts	9
III-3	Regular FSP Districts with Estimated County Totals*	Regular FSP Districts Only	10
III-4	Special and State Schools	Special and State Districts Only	48
III-5	Historical State Totals 1970-71 to 1979-80	All Active Districts	49

---

* County totals are here termed "estimated" because school district and county boundaries frequently do not coincide. Thus county totals represent the totals of all school districts which are headquartered in the county.

IV. ADDENDA

Superintendent's Annual Report - Historical Background and Data Considerations

The Superintendent's Annual Report, Part I, has undergone several major changes in recent years. In 1970-71, kindergarten pupils attending on a half-day basis became eligible for Foundation School Program (FSP) benefits. Minor changes in reporting kindergarten attendance have been made in the SAR since that time. In 1975-76, the definition of Refined ADA was changed to include all special education students. Also, data for special and vocational education full-time equivalent students were collected for school years 1975-76 and 1976-77 only.

In past years, original entries were divided into two categories: students entering Texas public schools for the first time during the current school year who had not previously entered schools of another state, and those who, during the current school year, had been enrolled in a school outside of Texas. However, beginning with the 1979-80 SAR, that distinction is no longer made. Original entries are now defined only as students entering Texas public schools for the first time during the current school year.

The Superintendent's Annual Report, Part II, has undergone changes almost every year. For example, beginning in 1979-80, pupils enrolled in the special language programs were reported in one of two categories. A pupil was enrolled in either an intensive bilingual education program or a language development program teaching English as a second language. Previously, bilingual education programs in the first through fifth grades were intensive programs in dual language instruction, and in the sixth through twelfth grades were language development programs. Enrollment figures for these programs were contained in one report. Also, an additional category containing the count of pupils with limited English-speaking ability will be included in the 1980-81 SAR.

Data for 1,099 active districts are presented in this report. However, Windham Schools did not report original entries for the 1979-80 school year. This accounts for apparent discrepancies in some state totals.

Annotated Definitions of Terms

ACTIVE SCHOOL DISTRICT: Any public school district which operates a school in the district each year. (See Section 19.246(b) of the *Texas Education Code* .)

ANALYZE REPORT CATEGORIES: Special district groupings of data used for TEA school finance policy analysis. These categories are defined as follows:

1. MAJOR URBAN DISTRICTS: Districts which are associated with the central cities of the state's seven largest Standard Metropolitan Statistical Areas (SMSA's), i.e. Austin, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, and San Antonio. SMSA's are defined by the U.S. Bureau of the Census.
2. OTHER CENTRAL CITY DISTRICTS: Districts which are considered by TEA to be the "most central" to the state's remaining SMSA's.
3. SUBURBAN-FAST GROWING DISTRICTS: Generally, suburban districts of 1,000 or more refined refined ADA which grew at least five percent (5%) from 1970-75 and some smaller suburban districts which displayed rapid growth for the same period.
4. SUBURBAN-STABLE DISTRICTS: Suburban districts which are similar to those in the previous category but which do not demonstrate high ADA growth rates.
5. NON-METRO WITH 1000+ ADA DISTRICTS: Districts which have 1,000 or more refined ADA and which are not included in the previous categories.
6. NON-METRO WITH TOWN DISTRICTS: Districts which have less than 1,000 ADA and which encompass a town having a population of approximately 1,000 or more.
7. RURAL DISTRICTS: Districts which have less than 1,000 ADA and which have no central town within their boundaries.

APPRAISED (PROPERTY) VALUE: The value of property on the district's tax roll, determined by the local tax assessor for the purpose of levying taxes. Appraised value is the basis for the assessed value. Ideally, appraised value should be the same as market value, but several practical and political factors usually prevent this. See MARKET (PROPERTY) VALUE.

ASSESSED (PROPERTY) VALUE: A valuation set upon property by the district as a basis for levying taxes. Assessed value is frequently an assigned percentage of appraised value, and this percentage is called the assessment level or assessment ratio.

AVERAGE DAILY ATTENDANCE (ADA): This general designation is used to refer to a group of attendance measures which include the following:

1. GROSS ADA: The aggregate days attendance divided by the number of days school is in session. Kindergarten pupils attending a half-day session earn a half-day's attendance for the school district.
2. REFINED ADA: The aggregate days attendance of eligible students divided by the number of days school is in session. Refined ADA is equal to gross ADA less ineligible ADA, and is used to flow funds for state maintenance and operations funds, equalization aid, etc.
3. ADJUSTED REFINED ADA: The aggregate days of attendance divided by adjusted days of operations for the best five six-weeks reporting periods. Adjusted refined ADA is used only for personnel unit allocations.
4. INELIGIBLE ADA: Those students who do not meet the eligibility requirements set forth in the "Daily Register of Pupil Attendance". Generally, these are students who are non-residents or who are under or over the prescribed ages as of September 1.
   a. UNDERAGE:
      1.) Under 6 years old (Grade 1 and above) and not previously enrolled in an out-of-state school during the current school year.
      2.) Under 5 years old (kindergarten).
      3.) Under 3 years old (Special Education, Early Childhood Program).
   b. OVERAGE:
      1.) 21 years old (Regular Program).
      2.) 22 years old (Special Education).

AVERAGE DAILY MEMBERSHIP: The aggregate days of membership divided by the number of days school is in session.

BILINGUAL EDUCATION PROGRAM: A full-time program of dual language instruction having all of the following components:

1. The basic concepts initiating the child into the school environment are taught in the child's home language.
2. Language development is provided in the child's home language.
3. Language development is provided in English as a second language.
4. Subject matter and concepts are taught in the child's home language.
5. Subject matter and concepts are taught in English.
6. Specific attention is given to develop in the child self-assurance, confidence, and a positive identity with his/her cultural heritage.

COUNTY DISTRICT NUMBER: A six-digit TEA code which uniquely identifies each Texas school district. The first three digits identify the county in which the district adminisrative offices are located. The last three digits identify the type of district as follows:

000 thru 099 - Common School District
701 thru 799 - Rural High School District
901 thru 999 - Independent School District

EDUCATION SERVICE CENTER (ESC): A special intermediate level agency established to provide planning, coordination, and other special services to public school districts within a defined geographic region of Texas. (See Sections 11.32 and 11.33 of the Texas Education Code .)

ELEMENTARY SCHOOL: A school classified as elementary by local practice which provides instruction for students who are enrolled in any grade not above grade 8. This includes kindergartens and pre-kindergartens if they are under the control of the local board of education.

ENGLISH LANGUAGE DEVELOPMENT PROGRAM: A program which consists of language development in English as a second language.

FOUNDATION SCHOOL PROGRAM (FSP): A program of state government financial assistance created "to guarantee that each school district in the state has adequate resources to provide each eligible student a basic instructional program suitable to his educational needs". Under the FSP, eligible districts receive state aid for "minimum personnel salaries, current operating expenses, categorical program aid, and transportation services. The amount of state aid shall be based on the district's ability to support its public schools." (See Sections 16.002 and 16.004 of the Texas Education Code .)

INDEX (PROPERTY) VALUE: The full market value of property in a school district, less the difference between the full market value and the productivity value of land that qualifies for appraisal on the basis of its productivity. See MARKET (PROPERTY) VALUE.

LIMITED ENGLISH-SPEAKING ABILITY (LESA): Children "whose native tongue is a language other than English and who have difficulty performing ordinary classwork in English". (See Section 21.452 of the Texas Education Code .)

MARKET (PROPERTY) VALUE: The commonly accepted definition of market value is the price, in terms of money, which a property will bring if placed on the market for a reasonable time, with both the buyer and seller being aware of all its uses, and neither the buyer nor the seller under any stress or duress to buy or sell.

For Texas school districts, Taxable Market Value is the market value of tangible property, less exemptions lawfully granted by the district, determined by the State Property Tax Board in a biennial study in accordance with Subchapter F of Chapter 11 of the Texas Education Code . Taxable market value is the basis for the full market value and index value used by the Texas Education Agency for calculation of a district's local fund assignment.

ORIGINAL ENTRIES: The number of pupils entering Texas schools for the first time during the current school year.

PUBLIC SCHOOL CAMPUS: An administrative unit of a public school district which serves students enrolled in a limited number of grades and which usually has its own grounds, buildings, and other facilities.

PUBLIC SCHOOL DISTRICT: A governmental jurisdiction created under state law for the general purpose of providing an education to all eligible students who enroll in its schools or educational programs. (See Chapter 19 of the Texas Education Code .)

"REGULAR FOUNDATION SCHOOL PROGRAM (FSP) " PUBLIC SCHOOL DISTRICT: A district created under general statutory authority which is eligible for state funding assistance under the Foundation School Program. These districts have geographic boundaries with corresponding property values, as well as taxing authority. They are administered by a locally elected school board.

SCHOOL LEAVER: A pupil who has left school during the 1979-80 school year prior to graduation and was not known to have enrolled in another school.

SECONDARY SCHOOL: A school which provides instruction for students enrolled in any grade beginning with the next grade following the elementary school and ending with or below grade 12. This includes junior high schools, high schools, and vocational or trade high schools.

SPECIAL POPULATION EDUCATION: Programs designed to meet the special educational needs of limited pupil populations, for example, the handicapped, limited English speaking, educationally disadvantaged, etc.

"SPECIAL STATUTORY" PUBLIC SCHOOL DISTRICT: A district created by special legislative act but not administered by a state government agency. Examples of this type of district are the public schools associated with military bases near San Antonio and the Masonic Home schools in Fort Worth.

"STATE ADMINISTERED" PUBLIC SCHOOL DISTRICT: A district created by legislative act which is both funded and administered by a state government agency. Most of these schools are administered by the Texas Department of Mental Health and Mental Retardation, and the Texas Youth Council. In addition, the Texas State Board of Education oversees the State Schools for the Deaf and Blind, and the Department of Corrections operates the Windham Schools. The University of Texas System operates Moody ISD which is associated with the UT Medical Branch Hospital in Galveston.

TAX RATE: The rate of taxation. When multiplied by the property value, it yields the amount of taxes levied by the school district. Usually given in the form of a rate per $100 property value. The tax rate set by the district is called the nominal tax rate because it is multiplied by the assessed value. An effective tax rate , often used for comparison purposes, can be computed as the tax rate required to raise the same levy based upon another property value, such as the appraised or full market value.

Example: A district reports an assessed value of $63,000,000 and an assessment ratio of 90 percent, indicating a total appraised value of $70,000,000. It sets a nominal total tax rate of $1.700 per $100 assessed value. Thus the total tax levy is $1.700 times one-hundredth of $63,000,000, equal to $1,071,000. An effective total tax rate based on the appraised value is therefore $1.530, because $1.530 times one-hundredth of $70,000,000 also equals the total tax levy of $1,071,000.
This district's index value for local fund assignment purposes is $76,500,000. An effective total tax rate based on this index value is then $1.400, since $1.400 times one-hundredth of $76,500,000 equals $1,071,000.

Explanation of Abbreviations

ADA - Average Daily Attendance
ADM - Average Daily Membership
CSD - Common School District
ESC - Education Service Center
FSP - Foundation School Program
FTE - Full Time Equivalent
ISD - Independent School District
K - Kindergarten
LESA - Limited English Speaking Ability
PK - Pre-Kindergarten
RHSD - Rural High School District
SAR - Superintendents Annual Report
SMSA - Standard Metropolitan Statistical Area
TEA - Texas Education Agency

Technical Notes

COUNTY ESTIMATES: County totals in this statistical report are termed "estimated" because school district and county boundaries frequently do not coincide. True county totals exist only for those counties where all district boundaries coincide with county boundaries.

ROUNDING ERRORS: All percentage calculations have been rounded to a single decimal place. Consequently, table percentages may not sum to exactly 100.0 percent.

Statistical Brief Special Tabulations

The TEA Division of Information Analysis may be able to provide data users with special tabulations or computer tapes based on the same data used in Section III of this report. Inquiries about special tabulations or computer tape files should be addressed to the:

Texas Education Agency
Director, Division of Information Analysis
201 East Eleventh Street
Austin, Texas 78701

All services and/or materials are provided to the requestor at cost. Estimates will be provided upon request.

TEXAS EDUCATION AGENCY

District Name

County-District Number

Superintendent's Annual Report
Part I
1979-80

Authority for Data Collection: Texas Education Code, Section 21.252.

Planned Use of Data: Administration of the Foundation School Program.

Instructions: From the attendance accounting records of the district, please report the average daily attendance and other data requested. Please complete in accordance with the instructions on the following pages. This report must be received by the Texas Education Agency on or before June 16, 1980. Payment of the superintendent's salary for the month of June, or the last month of employment previous to this date, will depend upon a receipt issued by the Texas Education Agency. Contact the Management Information Center at (512) 475-6234 for further clarification.

Austin, Texas 78701

RES-003-1R79

INSTRUCTIONS FOR COMPLETING TABLES I AND II, SUPERINTENDENT'S ANNUAL REPORT — PART I

TABLE I

1. Complete lines A1 through E by utilizing, by grade, the sum of all comparable lines on each of the Principal's Term Reports of the school district. These data must equal the sum of all data recorded in the Daily Register of Pupil Attendance or other such equivalent record. Also, the table must be mathematically correct, and care must be taken to follow the equations shown on applicable lines. For example, line A4, total enrollment, must be equal to line A2, total original entries for all ages, plus line A3, reentries. Definitions for ineligible enrollment, handicapped enrollment, and migrant enrollment appear in the instructions in the Daily Register of Pupil Attendance, and are to be used consistently on all pupil attendance accounting records, including the Principal's Period Report, the Principal's Term Report, and the Superintendent's Annual Report, Part I.

2. Complete only the total column for line F, by dividing line E, eligible migrant children, by line C, eligible enrollment. If line F calculates to 10% or more of eligible enrollment, the school district qualifies as a migrant school for Foundation School Program funding purposes, and the two lowest six weeks reporting periods are to be deducted from refined ADA.

TABLE II

1. Complete lines G1 through G4 by utilizing the Principal's Term Reports for the school district in the same manner as described above for lines in instruction #1 for Table I. If the number of days of operations vary between six weeks reporting periods for grades within the district (i.e. grade 4 on campus A had 30 days for the first six weeks period, and grade 4 on campus B had 29 days for the first six weeks period), a separate Table II for line G1 through G4 must be prepared for each variance, and a district wide combined Table II reflecting data on lines G1 through G4 will be used to determine the lowest six week reporting period(s) for the school district.

2. The lowest refined average daily attendance figure appearing on line G4 constitutes the lowest six weeks reporting period for the school district, and the appropriate block in line H is to be checked accordingly. Complete lines H1 and H2 by utilizing corresponding data recorded on the Principal's Period Reports for the period checked on line H for the school district. If there is a variance in a grade in the number of days of operations (line H1), separate Tables II, III, and IV must be submitted for each variance.

3. The second lowest refined average daily attendance figure appearing on line G4 constitutes the second lowest six weeks reporting period for the school district. The appropriate block on line I is to be checked ONLY IF THE TOTAL COLUMN ON LINE F, TABLE I, IS 10% OR MORE, and line I1 and I2 are to be completed ONLY IF A BLOCK IS CHECKED on line I. If the total column on life F is less than 10%, lines I, I1, and I2 are to be left blank.

4. Complete lines J1 through J3 by utilizing the Principal's Term Reports for the school district in the same manner as described for lines in instruction #1 for Table I. If there is a variance in a grade in the number of days of operations on any of the lines J1 through J3, separate Tables II, III, and IV must be submitted for each variance.

County-District Number

See reverse side of Tables III and IV for instructions.

INSTRUCTIONS FOR COMPLETING THE ABOVE TABLES III AND IV AND GENERAL INSTRUCTIONS

Note: **Tables I and II appear on the separate enclosed schedule, and they must be completed first. Instructions for completion of these tables appear on the back of this form for Tables III and IV.**

TABLE III

1. Complete lines K through O by utilizing, by grade, the sum of all comparable lines on each of the Principal's Term Reports for the school district. These data must equal the sum of all data recorded in the Daily Register of Pupil Attendance or other such equivalent record. Also, the table must be mathematically correct, and care must be taken to follow the equations shown on applicable lines. For example, line M, aggregate days attendance for the year, must be equal to line K, aggregate days membership for the year, minus line L, aggregate days absent for the year.

2. Complete lines P1 and P2 by posting appropriately the figures recorded in Table II on lines H2 and I2. Line P2 is to be completed ONLY IF LINE F, TABLE I IS 10% OR MORE. If line F on Table I is less than 10%, line P2 is to be left blank. Complete line P3, total low periods aggregate days attendance, by adding lines P1 and P2. If line P2 is left blank, line P3 must nevertheless be completed, and it must be the same as line P1.

3. Complete line Q, adjusted refined aggregate days attendance, by subtracting line P3, total low periods aggregate days attendance, from line O, refined aggregate days attendance for the year.

TABLE IV

1. Complete lines R through U by following the equations shown on each line. In other words, the appropriate lines K, M, and O in Table III, are to be divided by line J1, Table II, number of days of operations for the year, and line Q in Table III is to be divided by line J3, Table II, adjusted number of days of operations. Accuracy of Table IV is very important, as much of the financial support allocated to the school district by the State is based upon these figures.

2. Complete only the total column for line V, percent of attendance, by dividing line M, Table III, aggregate days attendance for the year, by line K, Table III, aggregate days membership for the year.

GENERAL INSTRUCTIONS FOR ALL TABLES OF PART I OF THE SUPERINTENDENT'S ANNUAL REPORT

1. Check all tables for accuracy and completeness. Make sure that the front cover has been signed by the superintendent.

2. Submit the entire report to the Texas Education Agency per the instructions on the front cover.

3. Retain a copy of this report and all supporting documents (i.e. absence reports from teachers, the Daily Register of Pupil Attendance or its equivalent, the Principal's Period Report, and the Principal's Term Report) for at least five years, in accordance with Article 6574b, Vernon's Civil Statutes

TABLE 1: MISCELLANEOUS DATA

______________________ District Name

______________________ Co. District Number

A. Does the district have a written plan of action for crime prevention and drug education on file? . . . . Yes_____ No_____

B. Has the school board adopted a formal policy on crime prevention and drug education? . . . . Yes_____ No_____

C. Has the district Board of Trustees adopted continuing contracts for staff? (Texas Education Code, Section 13.101-13.116) . . . . Yes_____ No_____

D. Has the district Board of Trustees adopted and has on file for inspection updated policies in accordance with *Principles, Standards, and Procedures for Accreditation of School Districts*? (Ad-782501) . . . . Yes_____ No_____

E. Does the district operate a planned program for gifted and talented students? . . . . Yes_____ No_____

F. Has the district developed a written plan, approved by the local Board of Trustees, for the program of gifted and talented students? . . . . Yes_____ No_____

G. If yes is marked in #E above, indicate total number of students addressed in program. . . . . ☐

H. Also, if yes is marked in #E above, indicate with an X area(s) of giftedness, and grade level addressed in program:

Area of Giftedness	**Elementary (K-6)**	**Secondary (7-12)**
(1) General intellectual ability . . . . (superior intelligence, achievement/potential in several fields of study)	☐	☐
(2) Specific academic aptitude . . . . (achievement/potential in a specific field of study)	☐	☐
(3) Creative/productive thinking . . . . (advanced insight, outstanding imagination, innovative reasoning/problem solving ability)	☐	☐
(4) Leadership ability . . . . (natural ability to influence others)	☐	☐
(5) Visual/performing arts . . . . (demonstration of ability/potential in art, music, drama, speech, language)	☐	☐
(6) Psychomotor ability . . . . (demonstration of ability/potential in motor skills such as dance, gymnastics, mechanics, sports)	☐	☐

COMPLIANCE STATEMENT

TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

(1) acceptance policies on student transfers from other school districts;

(2) operation of school bus routes or runs on a non-segregated basis;

(3) nondiscrimination in extracurricular activities and the use of school facilities;

(4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;

(5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;

(6) nondiscriminatory practices relating to the use of a student's first language; and

(7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, Department of Health, Education and Welfare.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

TITLE VII, CIVIL RIGHTS ACT OF 1964; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, 1973 EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; AND VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED IN 1974.

It is the policy of the Texas Education Agency to comply fully with the nondiscrimination provisions of all federal and state laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency makes positive efforts to employ and advance in employment all protected groups.

FOREWORD

The Statistical Brief report series is designed to provide timely and essential statistical information on Texas public elementary and secondary education. Each report addresses a specific area and will be released as soon as possible after the data used in the report are officially added to the TEA Data Base.

Education topics in this series include student enrollments and attendance, revenues and expenditures, professional personnel and salaries, and Foundation School Program information. Topics which may be added to the series in the future include school transportation, vocational education, and special education.

This report series is unique in two ways. First, the reports were designed to include information most frequently requested from the TEA Data Base. Those who need these data should find this series very useful. In addition, the Statistical Brief tables and text are computerized. This capability permits rapid update of the reports and will improve the accuracy of the report information.

The Statistical Brief reports are intended to meet the Texas public education information needs of education administrators, policymakers, researchers, and the general public. Although the basic nature of the information in the Statistical Briefs should meet the education data needs of the foreseeable future, the contents and format of the reports are flexible. Formats may be altered to meet the demand for new educational data as laws and policies are changed, new issues emerge, or the general need for information moves in a new direction. Statistical Brief users are encouraged to submit suggestions toward improving the reports.

Raymon L. Bynum
Commissioner of Education

PERSONNEL BY SEX AND ETHNICITY FOR TEXAS PUBLIC ELEMENTARY AND SECONDARY SCHOOL DISTRICTS
1978-79

I. INTRODUCTION

This report provides statistical information on the sex and ethnicity of all personnel as reported on the roster of personnel (Form FIN 063) by Texas public school districts in 1978-79. Principal authority for collection of this data is given in Section 16.254 of the Texas Education Code.

The statistical universe for this survey is all personnel reported by Texas public school districts throughout 1978-79 on the Roster of Personel. The relevant data acquired from the roster for this report are values for sex, ethnicity, full time equivalency (FTE), and professional status codes, with teaching fields where applicable. Additional information on the roster includes values for each person's degree level, pay grade, step, years of experience, funding source, number of days employed, foundation (minimum) salary, and actual salary. Updates to this roster are made until the end of the school year.

A discussion of terms and concepts presented here and in the following section can be found in the Addenda, Section IV.

Statistical Brief SB79PSE is an original report and updates no previous report in this series. Further information on the topic of this report can be obtained by writing the Director, Division of Information Analysis, Texas Education Agency, 201 East Eleventh Street, Austin, Texas 78701.

II. SUMMARY DISCUSSION

Full-Time Equivalency Concept

All personnel in this report are presented as "full time equivalent" personnel. This is not a body count but rather a computation of the percent of time spent at a particular task. For example, if two people each work half-time then together they represent the equivalent of one full-time employee and are presented here as such. (The actual number of individuals reported on the roster is approximately 235,100, which translates on an FTE basis to 222,285.)

Personnel by District Type

In the 1978-79 school year, regular Foundation School Program districts employed the majority of the more than 222,000 FTE's working in Texas. However, it should be noted that not all of the special statutory and state administered districts submitted personnel rosters; out of the six special statutory districts, five reported data, and out of the 23 state administered districts, only one reported. Of a total increase of 7,200 FTEs from the previous year, over 67%, or almost 4,900 FTEs, were from minority groups. Since 1976-77 however, more than 6000 minority FTEs have been hired.

Table II-1 given below summarizes the 1978-79 personnel FTE totals by district type for each general personnel type, aggregated by sex and ethnicity. This information detailed by district can be found in Tables III-3 and III-4.

Types of Personnel

For the purposes of this report, all personnel have been aggregated into three categories: teachers, support/administrative, and aides.* These are selected on each employee's professional status code, a four-digit code indicating a job assignment or function, which is reported by the district on its roster. See "General Personnel Types" in the Addenda Section (page 181) for a more detailed description of each category. To better illustrate these categories, Table II-2 subtotals the general types by more specific job descriptions.

Ethnic Percent-of-Total by Sex

Table II-3 outlines the ethnic percent-of-total FTE's reported for each general personnel type, calculated for all personnel and for each sex alone. Each job type reflects a very different mix - teachers, because of their sheer numbers, most accurately mirror the total personnel ratios; support and administrative personnel are fairly evenly divided between males and females and so exhibit higher than average male percents-of-total in the ethnic categories; but instructional aides and secretaries, who diverge greatly from both sex and ethnic patterns elsewhere, appear to be the most integrated of the three groupings.

---

*"Non-classified personnel, such as plant maintenance, lunch room, and other clerical personnel would not have been reported on the roster of personnel; however, a count of these personnel is collected on the Fall Survey. For 1978-79, 58,297 full-time and 13,368 part-time employees were reported.

Historical Totals

Table II-4 gives historical ethnic percentages by general personnel type and sex, while Table II-4A provides the same information in FTE counts. In addition, these tables calculate the increases in each ethnic category during the period from 1976-77 to 1978-79. Table III-5 also gives historical counts but it is organized by general personnel type rather than by ethnic category.

Any definitive ethnic trends are difficult to confirm as a breakdown of FTE totals by sex and ethnicity are unavailable prior to 1976-77. Earlier data is unreliable because of changes in the manner of reporting personnel and coding discrepancies. Also, it is only recently that Hispanics have been considered as a separate category; previously many districts reported these personnel as white. The remainder of this section presents summary data from various perspectives with accompanying interpretive text.

Overall, the number of personnel statewide is increasing and slowly a more ethnically integrated group is forming. Between 1976-79 6,750 minorities were hired compared to 8,234 whites during the same period. As shown by Table III-4, total personnel increased by 7.2% since 1976-77, but as a group Hispanics increased by 22.5% over the same period. And, although the percentage increase of blacks (6.8%) is less than the total growth percentage, they were hired with greater frequency than were whites (5.1%). To further corroborate this observation is the fact that whites registered a slight decline in percentage-of total though their actual numbers increased. As for the Orientals and American Indians, because there are so few employed by the districts their percentage increases are somewhat misleading. Their numbers are changing but the difference is insignificant compared to the total.

III. DETAILED TABLES

Data used to prepare the Section II analysis is contained in this section. Each table gives FTE sex and ethnic totals presented in the manner described below.

TABLE	ORGANIZATION	DISTRICT COVERAGE	PAGE
III-1	TEA ANALYZE Report Categories	Regular FSP Districts Only	8
III-2	ESC Regions	All Active Districts	12
III-3	Regular FSP Districts with Estimated County Totals	Regular FSP Districts only	24
III-4	Special Statutory and State Administered Schools	Special & State Districts only	178
III-5	Historical State Totals 1976-77 to 1978-79	All Active Districts	180

NOTES: County totals are here termed "estimated" because school district and county boundaries frequently do not coincide. True county totals exist only for those counties where all district boundaries coincide with the county boundaries.

ANALYZE report categories are special district groupings used by TEA. See "Annotated Definitions of Terms" in the Addenda.

TOTALS INCLUDE REGULAR FSP, SPECIAL STATUTORY, AND STATE ADMINISTERED DISTRICTS.

IV. ADDENDA

Annotated Definitions of Terms

ACTIVE SCHOOL DISTRICT: Any public school district which operates a school in the district each year. (See Section 19.246(b) of the Texas Education Code.)

ANALYZE REPORT CATEGORIES: Special district groupings of data used for TEA school finance policy analysis. These categories are defined as follows:

1. MAJOR URBAN DISTRICTS: The largest school district located within the central city of each of the state's seven largest Standard Metropolitan Statistical Areas (SMSA's), i.e. Austin, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, and San Antonio. SMSA's are defined by the U.S. Bureau of the Census.
2. OTHER CENTRAL CITY DISTRICTS: Districts which are considered by TEA to be the "most central" to the state's remaining SMSA's.
3. SUBURBAN-FAST GROWING DISTRICTS: Generally, suburban districts of 1,000 or more refined refined ADA which grew at least five percent (5%) from 1970-75 and some smaller suburban districts which displayed rapid growth for the same period.
4. SUBURBAN-STABLE DISTRICTS: Suburban districts which are similar to those in the previous category but which do not demonstrate high ADA growth rates.
5. NON-METRO WITH 1000+ ADA DISTRICTS: Districts which have 1,000 or more refined ADA and which are not included in the previous categories.
6. NON-METRO WITH TOWN DISTRICTS: Districts which have less than 1,000 ADA and which encompass a town having a population of approximately 1,000 or more.
7. RURAL DISTRICTS: Districts which have less than 1,000 ADA and which have no central town within their boundaries.

COUNTY DISTRICT NUMBER: A six-digit TEA code which uniquely identifies each Texas school district. The first three digits identify the county in which the district adminisrative offices are located. The last three digits identify the type of district as follows:

000 thru 099 - Common School District
701 thru 799 - Rural High School District
901 thru 999 - Independent School District

EDUCATION SERVICE CENTER (ESC): A special intermediate level agency established to provide planning, coordination, and other special services to public school districts within a defined geographic region of Texas. (See Sections 11.32 and 11.33 of the Texas Education Code.)

ETHNIC GROUPS (CATEGORIES): Racial/ethnic groups are defined as follows:

AMERICAN INDIAN (OR ALASKAN NATIVE): A person having origins in any of the original peoples of North America.

ASIAN (OR PACIFIC ISLANDER): A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Pacific Islands.

BLACK (NOT OF HISPANIC ORIGIN): A person having origins in any of the black racial groups.

HISPANIC: A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

CAUCASIAN (WHITE, NOT OF HISPANIC ORIGIN): A person having origins in any of the original peoples of Europe, North Africa, the Middle East or Indian Subcontinent.

Race/ethnic designations as used by the Texas Education Agency do not denote scientific definitions of anthropological origins. If an ethnic value went unreported by the district on the personnel roster, then that employee is assigned by default to the 'WHITE' category. However, the district does have an opportunity to change the value by a later update. In this report, if the ethnic field has remained blank then that employee is flagged as an 'OTHER'. Therefore, this does not imply a separate racial grouping, but rather an unreported ethnicity. However, no person should have been counted in more than one race/ethnic group.

FOUNDATION SCHOOL PROGRAM (FSP): A program of state government financial assistance created "to guarantee that each school district in the state has adequate resources to provide each eligible student a basic instructional program suitable to his educational needs". Under the FSP, eligible districts receive state aid for minimum salaries of personnel, current operating expenses, categorical program aid, and transportation services. The amount of state aid is be based on the district's ability to support its public schools. (See Sections 16.002 and 16.004 of the Texas Education Code.)

FULL TIME EQUIVALENT (FTE): The percent-of-day assigned times the number of days employed, divided by the maximum number of days authorized. In the simplest case, if two teachers each work half time, together they are the equivalent of one full-time teacher. The computation for determining the FTE amount of any employee is:

$$\text{FTE} = \frac{\text{Number of days employed X Percent of day worked}}{\text{Maximum days authorized}}$$

GENERAL PERSONNEL TYPES: These are the three personnel groupings used throughout this report and they are defined as follows:

1. TEACHER: A person instructing students in a public school in one or more subjects, and who has a valid Texas teaching certificate or emergency permit.

2. SUPPORT & ADMINISTRATIVE:
   a. SUPPORT: Those persons who who provide a particular service to the school body and/or staff. Librarians, nurses, supervisors, and counselors comprise the majority of this category.
   b. ADMINISTRATIVE: Any person who is involved in the management of personnel and/or students in a school. Examples of such are principals, administrative officers, and superintendents.

3. AIDES & SECRETARIES: A person in paygrades 1, 2, or 3 who is involved in either administrative or instructional support, but who is not employed as a teacher.

MINORITY: All or any portion of the non-Caucasian pupils or personnel in a public school.

PROFESSIONAL STATUS CODE: A four digit number which designates the type and area of specialization of each employee. For teachers the professional status code indicates the level taught (such as elementary or secondary) and the teaching field (subject area). From this code the personnel type, i.e. teacher, administrator, support, or aide, can be determined.

PUBLIC SCHOOL DISTRICT: A governmental jurisdiction created under state law for the general purpose of providing an education to all eligible students who enroll in its schools or educational programs. (See Chapter 19 of the Texas Education Code.)

"REGULAR FOUNDATION SCHOOL PROGRAM (FSP) " PUBLIC SCHOOL DISTRICT: A district created under general statutory authority which is eligible for state funding assistance under the Foundation School Program. These districts have geographic boundaries with corresponding property values, as well as taxing authority. They are administered by a locally elected school board.

"SPECIAL STATUTORY" PUBLIC SCHOOL DISTRICT: A district created by special legislative act but not administered by a state government agency. Examples of this type of district are the public schools associated with military bases near San Antonio and the Masonic Home schools in Fort Worth.

"STATE ADMINISTERED" PUBLIC SCHOOL DISTRICT: A district created by legislative act which is both funded and administered by a state government agency. Most of these schools are administered by the Texas Department of Mental Health and Mental Retardation, and the Texas Youth Council. In addition, the Texas State Board of Education oversees the State Schools for the Deaf and Blind, and the Department of Corrections operates the Windham Schools. The University of Texas System operates Moody ISD which is associated with the UT Medical Branch Hospital in Galveston.

STATISTICAL UNIVERSE: The complete collection of persons or other units of study to which the findings and conclusions of a statistical analysis apply.

Explanation of Abbreviations

CSD - Common School District
ESC - Education Service Center
FSP - Foundation School Program
FTE - Full Time Equivalent
ISD - Independent School District
RHSD - Rural High School District
SMSA - Standard Metropolitan Statistical Area
TEA - Texas Education Agency

Technical Notes

ROUNDING ERRORS: All FTE totals have been rounded to the nearest whole number. Consequently, the detail may not sum to the report totals.

DISTRICTS REPORTING: Data for 1078 active districts is presented in this survey, but actually 1101 were active in 1978-79. Most of these non-reporting districts are state administered.

COUNTY ESTIMATES: County totals in this statistical report are termed "estimated" because school district and county boundaries frequently do not coincide. True county totals exist only for those counties where all district boundaries coincide with county boundaries.

Prior Personnel Sex and Ethnicity Statistical Briefs

No prior Personnel Sex and Ethnicity statistical briefs currently exist.

Statistical Brief Special Tabulations

The TEA Division of Information Analysis may be able to provide data users with special tabulations or computer tapes based on the same data used in Section III of this report. Inquiries about special tabulations or computer tape files should be addressed to the:

Texas Education Agency
Director, Division of Information Analysis
201 East Eleventh Street
Austin, Texas 78701

All services and/or materials are provided to the requestor at cost. Estimates will be provided upon request.
